

ARKAPRAVA SANTRA

Ui/UX designer

 arkapravasantrya17@gmail.com

 +91-9609356564

Career Summary

UI/UX Designer with experience in crafting clean, intuitive web interfaces and solving user problems through thoughtful design. Skilled in Figma, wireframing, and prototyping, with a strong focus on usability and user-centered design.

Projects

EHA – Emergency Health Access App

Personal Project

July-2025

- Identified emergency care struggles through empathy mapping and user interviews with caregivers in urban India.
- Defined core problems: lack of real-time data on hospitals, ICU availability, and ambulance tracking.
- Designed a mobile-first, multilingual app with features like SOS alert, ambulance tracking, and verified blood bank access.
- Prioritized panic-mode usability with bold CTAs, voice support, and large tap zones.

Focus Flow – Study Companion App

Group Project

May-2025

- Talked to students to understand issues around focus and study distractions.
- Noticed a need for structured sessions with fewer digital interruptions.
- Conceptualized a Pomodoro timer with calming sounds and simple task lists.
- Built a soothing, minimal interface to reduce cognitive load.
- Shared with peers, refined UI based on session drop-off and user input.

Ai-Powered Knowledge Base

Personal Project

July-2025

- Researched challenges faced by learners across regions through interviews and surveys.
- Identified the core issue: scattered content making learning overwhelming.
- Came up with features like, AI-based recommendations.
- Designed clean, focused wireframes showing curated learning paths.
- Tested with real users and improved flow based on their feedback.
